

## The BEST Directory

One of the advantages that being a member of BEST brings you is the **free** inclusion in our directory, both paper and electronic. We are constantly promoting Spinal Touch in all areas of the media. So far this year we have been on radio and in the press. This is ongoing. We are also promoting Spinal Touch across the internet as well.

If you are involved in any promotional work be sure to mention the BEST Association.

If you have an internet home page we will also put a link to it on our web site. It is generally considered good manners to reciprocate this offer. If you want to put a link from your site to ours then the address is <http://www.spinaltouch.org>

At the moment membership of the British and European Spinal Touch Association is **free** to holders of Dr. Rosquist's certificate.

### Instructions

The contact sheet is in two parts.

The first is your contact address where we will send printed material. We don't want to be sending you multiple copies of things.

The second part is for your practice addresses. Please fill in **all** the information for each of your practice addresses **even if one is the same as your contact address**. Please note that the County is very important as the directory is arranged in county order.

What you put on your contact sheet will be exactly as it appears in the directory so make sure everything is correct and how you want it to be. For example you may be known by a different name at a practice than you are known at your contact address.

There is space for up to four practice addresses. If you have more than four practice addresses then photocopy the form. However we suggest you don't spread yourself so thinly!

Please complete the form and send it to us along with a copy of your certificate from Dr. Rosquist, a copy of your professional indemnity insurance certificate, and a copy of your certificate for your primary modality.

If your contact or practice details change let us know as soon as possible so that we can update our directories.

# BRITISH & EUROPEAN SPINAL TOUCH ASSOCIATION

Allied to the Bio-Mechanics Foundation of America. Patron Dr. LaMar Rosquist D.C.
